Traci Simms, M.D., F.A.C.O.G.  
Jennifer E. Strong, D.O., F.A.C.O.G.

Welcome to our office:

We are looking forward to meeting you and getting acquainted. To help you feel more comfortable with our procedures, we have included a **patient information pamphlet**. In that brochure you will find our protocol regarding appointment making and cancellation, insurance billing, payment policy and other information. Please feel free to ask any of our staff members about the subjects in the pamphlet.

Our physician group of seven medical doctors and two doctors of osteopathic medicine specialize in the treatment of antepartum (pregnancy) and female health care. Medical doctors and osteopathic doctors are both fully qualified physicians licensed to treat illnesses, perform surgeries and prescribe medications. There may be instances when your physician may not be available, and you may be asked to see the physician on call.

Women's Health Care is very pleased by our association with Ms. Juanita Lopez, our Spanish translator. We request that if you are in need of translation services, that you contact Ms. Lopez for appointments or any other need so that she can communicate your concerns to our office. Her number is (970) 241-8917. We will relay messages and make appointments through Ms. Lopez if you request her services as a translator.

Also we are enclosing a **patient registration form** that we ask that you complete and bring to your appointment to expedite your registration process. The enclosed appointment card is for your records.

If we can be of further assistance before your visit, please give us a call.

Sincerely,

Women's Health Care of Western Colorado, P.C.
